- The only criteria for this report are that there is a group home service that was open at some point within the reporting period. Group home services considered by this report are services that start with ‘PT’ or ‘PG’. This report will not include PGUAR.

Report Data Fields

Field Name	Notes
REGION	This is the region associated to the county on the report. It includes the region description
COUNTY	This should be the financial responsible county code for the service being pulled on SERP. However, there is a check in the code that if that county is zeroes, which should never happen, it would be the assigned workers contact county.
CAPS ID	This is the client id for the client associated with the service being extracted.

CAPS**Report 5640.1 – Youth Group in Care**Last Updated: 11/12/2007

NAME	This the name of the client associated with the service being extract. The format of the name is last name, first name and middle initial.
AGE	This the age of the client associate with the service being extracted at the time the report ran. This age is calculated using the client's birth date.
WORKER	This is the worker id of the client's assigned worker, at the time the report ran.
SERV CODE	This is the service code that was extracted for the client.
PROV/FACIL	This is the service rendering provider and facility for the service.
BSA Y/N	This field is not currently being populated with data.
TOTAL CLIENTS COUNTED FOR REGION	Total number of clients listed for each region. If there are multiple lines for clients in the region they will only be counted once.
